## Sloping Main

Escape from the hustle and the bustle to peace and the quiet of East Coast of the Tasman Peninsula. Almost 100 acres, with plenty of water, there once was a market garden here.

The property is nestled up into the Hills of Saltwater river and Sloping Main. The camp site has a woodheater and kitchenette area and some creature comforts to make camping a little more inviting anytime of the year.

Plenty of timber on this land, firewood will never be an issue again. If you are into watching the birds, this is a location for you too.

Located approx. 20 mins drive from Nubeena, where the school, shops, medical centre and more are located. Approx. 1.5 hrs from Hobart.
